

Marie LEA WILSON DEAF Hondurans

...and they that have not heard shall understand. Romans 15:21

March, 2019

Our church is offering our first-ever **LESHO (Honduran sign language) class** to interested church members. This is being taught by a **Deaf man, Danny**, who has been teaching the Sierras for almost a year, now. (The Sierras are a young couple who are learning LESHO and Deaf culture in order to lead the Deaf Ministry.) Please pray that people would not just be drawn to this beautiful language for the “cool factor” but that they would use it to bring Deaf souls to Christ. Please pray also for Danny’s spiritual growth.

Our church hosted **Medical Missions Outreach** (medical-outreach.com) the second week of January. Alongside their 53 volunteers, we conducted a 5-day medical clinic, serving the community with optical, dental, and general health services, free of charge. This was the first year I taught an **ethics/professionalism interpreting course** to the bilingual volunteers from our church who interpreted for the Americans. It was very encouraging to see interpreting standards and confidence improve in those who were able to attend the class. In all 3,860 patients were seen, 160 of whom decided to trust Christ as their Savior! Rejoice with us!

Volunteers role-playing an interpreting scenario.

How exciting to host my **parents and youngest brother**, Mark (15), for a few days in February in this beautiful country. We sneaked out of town for a few days to visit some ancient Mayan ruins in the city of Copan Ruinas.

I also enjoyed introducing them to many of my neighbors and church friends. A few weeks earlier I became an aunt! **Sophie Lea-Wilson** was born on January 14, and mother and baby are doing great. Can't wait to meet her!

A nursing student named Patience arrived for a **16-day internship** with me in January. This was my first experience hosting and coordinating an intern, and it was a blessing. Patience shadowed nurses and doctors in a local, Honduran clinic, led a children’s craft night in our Children’s Home, gave a **Gospel presentation** in 2 Sunday school classes, as well as took part in the Medical Missions clinic. Patience enjoys cooking, so it was awesome having a personal cook for 2 weeks! 😊
